

## FREE FALLIN'

I keep on moving but truth is I don't know where you're at,  
It's like a joke that I was told and I forgot how to laugh,  
Cause I know that you're still there beside me yeah,  
I don't see you, I feel alone, Free Fallin'  
Oh  
Free Fallin'

I need to stop and take a breath,  
Be still and know you're, God cause I got nothing left,  
This world keeps spinning around and I can't slow it down,  
I get caught up in the motion, then I'm Free Fallin'

I've been on a flight, four cities, four days,  
Tryin'a make it back in time for my wedding day,  
Got a queen, got a dream, got a king by my side, look inside,  
Not surprised that the kid is on the rise, takin' a flight to my destination,  
No contemplating giving everything I am, I got a heart of David,  
Ain't no complainin' , see revival upon my arrival, and end up leavin' with  
A title of a CHH legend by the age of 27, uh,  
Look at the stats, I got the ball, I'm on my Kobe up at Toronto puttin' up 81 like pronto,  
I'll be the one they all know, I'll be the one to follow, I be on my mic Jackson up at the Apollo,  
Free Fallin', uh, father stretch my hands, father take control, teach me to be a man,  
Teach me to follow your ways until the grave, I'm 30,000 feet on a plane,  
But Free Fallin' like yeah...

I need to stop and take a breath,  
Be still and know you're, God cause I got nothing left,  
This world keeps spinning around and I can't slow it down,  
I get caught up in the motion, then I'm Free Fallin'

Free Fallin' Free Fallin' Free, Free Fall-i-i-n'  
Free Fallin' Free Fallin' we're Free Fallin'

You know this world, it's needs to slow down, cause we're spinnin' into chaos,  
And when we're moving with that world, we loose sight of who you are...

I need to stop and take a breath,  
Be still and know you're, God cause I got nothing left,  
This world keeps spinning around and I can't slow it down,  
I get caught up in the motion, then I'm Free Fallin,  
Free Fallin like yeah,  
yeah....
